

Capture the Moment.

Stand anywhere on the 200-acre William Woods University campus and take it all in. The sun on its way up shines on the Dulaney Auditorium stained glass. Birds chirp. The fountain bubbles over in the lake as determined ducklings learn to swim.

It's a crisp Missouri morning and students and faculty move in step. Friends meet for coffee and conversation. An art student sets up shop lakeside. The ever-present sound of a horse's whinny greets his rider. Familiar faces jog by.

It's in moments like these you begin to see your dreams in clear focus ahead. You realize you're in the right place — that these courses and resources — and, above all, these people — are setting you up to flourish — in ordinary ways, and for the rest of your life with your hard work, and with a helping hand.

Rest here, in moments of great joy. Great pride. Great comfort. It's moments like these there is not a doubt in your mind you are home.

Fulton, Missouri has over 50 Local shops and restaurants to fall in love with

With 40+ student organizations, you can get involved in everything you love and anything you want to try.

109 AMC all-academic recipients

With a 13:1 student-faculty ratio and an average class size of 14, your professors will know your name.

From Shakespeare to improv, we have over a dozen organizations for artists of every kind.

140 years of commitment to education

We are William Woods University.

We're a small, tight-knit community made up of people from 35 states and a dozen different countries. Together we pursue passions in over 40 student organizations and 18 sports teams, with the help of 150 champion quality horses, art studios and science labs. We're friends, teachers, coaches and mentors all here for one reason: **you.**

Hit the Books.

Our mission is to help you flourish in whatever you decide to do with your life. Our **74 majors and 26 minors** will give you the skills you need to reach your unique potential — and over a hundred routes to get you there. Your experiences will prepare you for careers through intimate study, advanced research and professional internships.

Make the Grade.

Flourish begins here. Starting with the many ways of support we've created to get you started, like Freshman Advantage and Connections 101. We are in this to see you succeed. **Your professors will care about your success** — professionally and personally. They will have real-world experience in the industries they teach — on average 15 years worth.

Make your Move.

Apply on a rolling basis starting after your junior year, and be awarded a financial aid package from the start. This is just the beginning. We can't wait to get to know you. Visit www.williamwoods.edu to request information and learn more.

Open your Heart.

Serving others is an integral part of your four years at William Woods University — it's a way of life. Participate in over **40 leadership and social organizations** created for doing good. Or go exploring and study in a country like Italy, Ireland, Japan and New Zealand. Awaken something inside of yourself that sparks curiosity, embraces growth and stirs ambition.

Shoot the Breeze.

Our honors societies, varsity and intramural level athletics, Greek organizations, student employment, government and special interest clubs are all here to get you tinkering with **what you're passionate about**, and exploring possibilities you may not have otherwise known. They're here to foster friendships that will last a lifetime, and discover what makes you come alive.

Paint the Town.

With more than **50 local shops and restaurants** just a short walk from campus, it won't be long before this small town feels like home. You will fall in love with Fulton — the brick roads, rich history, small town charm and friendly faces. It's been called the *'fourth best place to live in rural America'*, and it's certainly first in our hearts.

Don't Break the Bank.

100 percent of our students are offered financial aid, and our average financial aid and scholarship package sits at \$16,874. This includes our LEAD award — \$5,000/year to residential students who participate in campus events. It all begins with a call to our admissions and financial aid team — people who make it their business to work through deadlines and overcome any obstacle.

“After that first visit to campus, I knew William Woods was where I wanted to go. The atmosphere was nothing short of positive. I mean *everyone* was nice. I was a name, not a number. I was *home*.”
